*NPT, JIC & O-RING BOSS FITTINGS*

# TUBE FITTINGS & ADAPTERS

In business since 1953, Brennan supplies customers worldwide with more than 50,000 standard and special hydraulic fittings and adapters in sizes from 1/16 to 3 inches.

The fittings in this catalog are steel, but we also offer them in stainless steel, brass, aluminum and other alloys. The standard plating is CR3 trivalent, but we offer zinc-nickel and Brennan Black® for enhanced corrosion resistance. Our engineering department can customize standard fittings or create something completely new specifically for your application.

**Contact a Brennan representative to learn more: (888) 331-1523.**
